WEEKLY WEATHER BULLETIN.

For the week ended July 28, 1906.

Honolulu, T. H., July 30, 1906.

GENERAL SUMMARY.

The most marked feature of the week was the great deficiency in rainfall, as compared with the preceding week, in the Kohala, Hamakua, Hilo and Puna districts of Hawaii, and in the Koolau and Hamakualoa districts of Maui. The deficiencies in the Hawaiian districts ranged from 1.9 to 6.7 inches, the greatest differences occurring in the Hilo district and thence northward along the coast to the extreme northern point of the island. In the Maui districts referred to, the deficiencies were not so great, ranging from 1.4 to 3.9 inches, the latter occurring in the inland section of Hamakualoa. All stations report less rainfall than during the preceding week, but excepting in the districts aforementioned, at Kealakekua (Davis)—1.0 inch, and in the eastern half of Kauai, they were slight, and did not equal one-half inch.

No rain occurred in the Wailuku district of Maui and thence westward.

The mean temperatures for the week were generally higher than those of the preceding one, on Hawaii, excepting at two coast stations in the Hamakua, and two inland in the Hilo districts. Stations in the central and southern portions of the Wailuku districts of Maui show somewhat lower mean temperatures than during the preceding week, while slightly higher mean temperatures are reported from the remaining portions of the island. At Waimanalo, Honolulu and Waianae, the mean temperature was lower than the preceding week, and higher mean temperatures were reported from the remaining stations. The changes were slight, excepting —2.4 deg. at Waianae, +1.2 deg. at Waiawa, and +1.4 deg. at Kahuku. All stations on Kauai report mean temperatures +.5 deg. to +1.5 deg. higher than during the preceding week, excepting —.2 deg. at Lihue, and —.15 deg. at Makaweli.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the group:

	Temperature.	Rainfall.
Hawaii	73.8 deg.	0.45 inch
Maui	77.4 deg.	0.50 inch
Oahu	78.9 deg.	0.03 inch
Kauai	77.5 deg.	0.04 inch
Entire Group	75.9 deg.	0.34 inch

At the local office of the U. S. Weather Bureau in Honolulu, clear and partly cloudy weather obtained, with traces of rainfall on two dates. The mean barometer was 30.00 inches; mean relative humidity, 66 per cent; prevailing direction of the wind was north-east with an average hourly velocity of 8 miles; maximum temperature, 85 deg., minimum, 71 deg., and mean 78.9 deg., a departure of +0.8. There was a deficiency of .35 inch of rainfall during the week.

REMARKS BY CORRESPONDENTS.

(Note.—The figures following the name of a station indicate the date with which the week's report closed.)

ISLAND OF HAWAII.

Kaunapali (26)—Clear to partly cloudy and warm weather, with light trade winds obtained. Light showers occurred every night. Mean temperature, 72.5 deg.; total rainfall, .59 inch.—J. E. Gamalielson.

Ponahawai (26)—Weather warm and mostly clear, with rainfall on six dates. Light northeast winds prevailed. Mean temperature, 73.9 deg.; total rainfall, .43 inch.—J. E. Gamalielson.

Hilo (26)—Fine weather, with daily rains, and soft east winds. Mean temperature, 75.7 deg.; total rainfall, .72 inch.—L. C. Lyman.

Papaikou (26)—Warm, with daily showers. Total rainfall, .79 inch.—John T. Moir.

Peepee (26)—Generally partly cloudy weather, with rains daily. Mean temperature, 76.4 deg.; total rainfall, .64 inch.—W. H. Rogers.

Honolulu (27)—Weather continued very warm, with light rainfall, amounting to .34 inch.—Wm. Pullar.

Hakalau (26)—Very warm, with rainfall on five days—total, .53 inch, and regular trade winds.—Hakalau Plantation Co.

Honohina (26)—Warm weather prevailed, with occasional showers on five dates, amounting to .36 inch.—W. Elliot.

Papaaloa (26)—Warm days and nights, with light showers except on 25th. Total rainfall, .52 inch.—C. McLennan.

Ookala (26)—Warm and sultry, with light rains on four days. Mean temperature, 76.0 deg.; total rainfall, .47 inch.—W. G. Walker.

Pauilo (26)—Cool during daytime, with thick fog on three days; warm nights, and high east winds. Mean temperature, 69.0 deg.; total rainfall, .72 inch.—C. R. Blacow.

Pauhaui (26)—Little rain, and on three days; good summer weather. Mean temperature, 75.5 deg.; total rainfall, .27 inch.—Pauhaui Sugar Plantation Co.

Honokaa (25)—Rainfall on 19th and 21st. Mean temperature, 74.2 deg.; total rainfall, .30 inch.—S. Gundel-finger.

Niuli (26)—Warm weather, with rainfall on two dates. Mean temperature, 75.7 deg.; total rainfall, .29 inch.—F. C. Paetow.

Kohala (26)—Weather warm, with rainfall on five dates. Mean temperature, 74.6 deg.; total rainfall, .33 inch.—J. M. Souza.

Kohala Mission (27)—Weather generally partly cloudy, with light rains on four days. Mean temperature, 74.5 deg.; total rainfall, .19 inch.—Dr. B. D. Bond.

Puakea Ranch (26)—Generally fair weather, with moderate trade winds, and rain on two dates. Mean temperature, 74.4 deg.; total rainfall, .21 inch.—A. Mason.

Waimea (27)—Clouds and sunshine, with light showers on six dates, and fresh "trades." Mean temperature,

67.7 deg.; total rainfall, .22 inch.—Mrs. E. W. Hay.

Kealakekua (25)—Generally partly cloudy weather, with rain on but one day. Mean temperature, 73.8 deg.; total rainfall, .19 inch.—Rev. S. H. Davis.

Kealakekua (26)—Very warm weather, with rain on 21st and 26th—total, .63 inch.—Robert Wallace.

Kau (25)—Warm, generally partly cloudy weather with light showers on three dates. Moderate northeast "trades" prevailed. Mean temperature, 70.2 deg.; total rainfall, .22 inch.—F. H. Hayselden.

Nalehu (25)—Excessively warm, dry weather, with but one light shower, amounting to .12 inch.—G. G. Kinney.

Olaa (26)—Days warm, with light rains on five nights. Mean temperature, 72.2 deg.; total rainfall, 1.10 inches.—E. P. McCann.

Pahala (25)—Excessively warm, dry, with rainfall on but one day, and windy. Mean temperature, 76.8 deg.; total rainfall, .09 inch.—H. D. Harrison.

Kapoho (26)—Daily rains, and strong northeast "trades." Mean temperature, 74.7 deg.; total rainfall, .89 inch.—H. J. Lyman.

ISLAND OF MAUI.

Nahiku (26)—Warm and showery on six days, with light trade winds. Total rainfall, 2.16 inches.—C. O. Jacobs.

Huelo (26)—Measurable amounts of rainfall on six days. Light northeast "trades." Mean temperature, 72.8 deg.; total rainfall, .79 inch.—W. F. Pogue.

Peahi (26)—Fine weather, with light showers on six days, and light trade winds. Total rainfall, .76 inch.—Geo. Groves.

Haiku (26)—Bright sunny weather, with higher temperatures; light rains on five days, and moderate "trades." Mean temperature, 74.8 deg.; total rainfall, .29 inch.—D. D. Baldwin.

Puunene (26)—Weather rainless and warm on flats; good rains at ditch heads. Prevailing winds north and northwest. Mean temperature, 78.8.—J. N. S. Williams.

Wailuku (26)—Rainless weather; excessively warm days but pleasant nights; light trade winds. No indications of rain. Mean temperature, 78.8 deg.—Brother Frank.

Kihei (24)—Rainless weather, with strong trade winds, and lower temperatures the latter part of week. A good supply of ditch water coming along, indicating rains to windward, and relieving pumps considerably. Mean temperature, 78.6 deg.—James Scott.

Kaanapali (27)—Very warm and sultry clear weather. Moderate to fresh northeast winds. No indications of rain. Mean temperature, 80.5 deg.—Wm. Robb.

ISLAND OF OAHU.

Maunawili Ranch (28)—The weather was much warmer, with very little rain. Mean temperature, 77.4; total rainfall, .12 inch.—John Herd.

Waimanalo (27)—Excessively warm, rainless weather obtained. Mean temperature, 80.0 deg.—A. Irvine.

I CURE MEN!

No matter how weak you are; how full of aches and pains; how feeble and old in your actions, you can be made a stronger and better man by wearing my Electric Belt while you sleep.

Pick out the men who have worn my Belt. See them with heads erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a clasp of the hand that tells you "I am a man."

And how is it with you? Have you rheumatism and back pains, a dull ache and weakness over your kidneys, dull headaches, with a tired, stupid feeling? Are you losing your vitality? Do you feel yourself growing aged before your time? Are you nervous, sleepless, short of memory and lacking spirit and self-confidence? Do you know that you are not the man you would like to be?

If so, I can cure you. What you lack is just what electricity supplies. My belt will cure you, and if you will come to me you will soon be one of "DR. McLAUGHLIN'S MEN."

I believe that the best evidence is the word of an honest man who says "YOU CURED ME."

Waipahu, T. H.
Dr. M. G. McLaughlin—Dear Sir: Your letter, in which you ask if the Belt has given perfect satisfaction, is at hand, and I must say that it has fulfilled my expectations to the greatest extent, for I am a different man to what I was before I got the belt. Your treatment is a great boon to anyone suffering from stomach trouble. I am not merely rid of the pain produced by the effect of the stomach to rid itself of the partially digested food, but I get the proper amount of nutriment from what I eat, and naturally my vitality is greatly increased.

Assuring you of my willingness to recommend treatment, I remain,
Yours truly,
ALFRED BETTERIDGE.

Come to me and let me cure you. Twenty years of my life have been devoted to my trade, and I have made my Belt popular with people who are tired of drugging. I cure while you sleep. It's easy and pleasant. My Belt gives a current that is a glowing warmth. No burn or sting.

I have a nicely illustrated book which every man should read. I will send it closely sealed, free, if you send this ad. Call if you can.

DR. M. G. McLAUGHLIN

906 Market St., Above Ellis, SAN FRANCISCO, CAL.

THE PLANTERS' MONTHLY

the Best Sugar Journal
in the World

The organ of the Hawaiian Sugar Planters' Association.

Hawaii is the most advanced of any cane sugar-producing country on the face of the globe, in its methods of cultivation, fertilization, transportation of cane, labor-saving devices, sugar machinery, chemical control and sugar manufacture.

THE PLANTERS' EXPERIMENT STATION maintains a staff of scientific investigators in connection with CHEMICAL ANALYSIS OF SOILS AND FERTILIZERS;

INSECT ENEMIES OF CANE AND THEIR PARASITES;

CANE DISEASES AND THEIR REMEDIES;
CREATION AND PROPAGATION OF NEW VARIETIES OF CANE;

AGRICULTURAL EXPERIMENTS OF ALL KINDS CONNECTED WITH SUGAR CANE.

All that is being done in connection with the above is told in the PLANTERS' MONTHLY. \$2.50 per annum. For- Foreign \$3. Editor, Royal D. Mead, P. O. Box 315. Subscriptions and Advertisements Hawaiian Gazette Co., Ltd., Honolulu, T. H.

light wind. Mean temperature, 77.0 deg.; total rainfall, .05 inch.—F. Weber.
Kealia (27)—Dry weather with high temperatures prevailed. Mean temperature, 77.6 deg.; total rainfall, .03 inch.—W. Jarvis.
Kilauea (27)—Weather clear, and warm; latter part of week exceedingly warm; rainfall on but one night. Mean temperature, 76.4 deg.; total rainfall, .12 inch.—L. B. Boreiko.

WM. B. STOCKMAN,
Section Director.

WANTED AT ONCE.

A little forethought will often save no end of trouble. Think of the pain and suffering that must be endured in case of an attack of pain in the stomach or cramp colic when medicine must be sent for. Every family should have a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house. It is sure to be needed sooner or later and when that time comes, it will be wanted at once. Buy it now. It may save life. Sold by Benson, Smith & Co., Ltd., Agents for Hawaii.

Artistic Picture
Framing

We are better equipped to do artistic picture-framing than any one else in Honolulu. Our stock of new mouldings is wonderfully complete and includes the latest novelties. In it you can find whatever you desire, from costly goods to those so moderate in price as to surprise you. If you have any pictures that you consider worthy of a frame, bring them to us. We are certain that we can please you.
